Proposed new Street Lighting in Llanafan

Three companies were approached regarding submitting a quotation for completion of the work of installing a new street light at Llanafan. Out of the three only one quotation was received with another company confirming that they were not interested in undertaking the work and the third company not responding at all.

The Clerk has also been in contact with Scottish Power for a price of providing power to the light pole but so far no details have been received from Scottish Power. It was also noted that written confirmation needs to be obtained from Ceredigion County Council, as land owners, confirming that the County Council is happy with the arrangements of the Community Council in installing a street light.

It was agreed to continue discussion at the next meeting of the Community Council.

Consultation on various proposed changes to speed limits on County Roads in Ceredigion

It was reported that the poles for the 20 m.p.h. speed restrictions are in place within the village of Llanfihangel-y-Creuddyn. Cllr. Rowland Jones received a response from an officer of Ceredigion County Council noting although amendment was made to the proposal not to include a private road near the Church as part of the plans it was not possible to change the remainder of the Community Council proposals which included changing the location of start of speed restriction from Tŷ'r Ysgol to further up the hill as this location would not conform with the requirements of beginning and end of a speed restriction. The 20 m.p.h. to be operational at Llanfihangel-y-Creuddyn from the middle of February. Locations will be re-considered upon two years when the next review of speed restrictions is scheduled.

Water Drains requiring attention in the Area

A number of water drains in the area need emptying.

A Grid has become loose on the culvert at Cwm Rhydyfelin leaving a deep hole in the road. Although Ceredigion County Council had arranged for a jetter to visit the location to empty the culvert and other drains the situation had not improved. The culvert has collapsed and needs to be renovated. The Clerk to make further contact with the County Council asking for work on the culvert to be undertaken as a matter of urgency.

A drain has blocked near the entrance to Sarnau Farm.

Although some of the potholes on Rhiw Hari, Llanfihangel-y-Creuddyn have been filled in by the County Council others have appeared resulting in an uneven road. There are also several large potholes on the road near Blaenmagwr and Brynmagwr.

Cllr. Ceridwen Lloyd-Morgan noted that she would be attending a meeting of the 'Cynghrair Cymunedau Cymraeg' at Aberystwyth on the 4th of March.

Vehicles Parking at New Cross Village

A number of complaints have been received from members of the public regarding the amount of vehicles and trailers that are parking, often for days at a time at the parking location near the noticeboard and seating bench at the north of the village towards Aberystwyth. Not only do these vehicles restrict others from parking at the location it is also a health and safety matter as it restricts the visibility of a neighbouring property when entering the B4340. This parking space is a regular stopping location for those travelling on the B4340 as it is a convenient place to pull in to obtain a mobile phone signal but more often than not now there is no room to pull in from the main road due to unattended vehicles.

Unattended vehicles also park on the junction of the C1052 and the B4340 opposite the Tafarn y Gors which restricts visibility when joining the B4340. Vehicles also park on the main road opposite the junction which is a safety issue as the road is quite narrow at that location.

It is understood that these unattended vehicles are connected to two individuals as well as a local business within the area who use the said locations to keep vehicles.

Action: The Clerk to make contact with Ceredigion County Council and the Police asking for contact be made with the individuals involved requesting that the vehicles are removed from areas which cause a safety issue to others and also request that public parking places are not taken over by unattended cars.

Wooden Railings

It was reported that a number of wooden railing on the road opposite Berllanber, Abermagwr need repairing. The Clerk to contact Ceredigion County Council asking that the broken railings are repaired.

Cutting Corner

Near to the entrance of 'Y Castell' on the road passing Llannerch yr Oen, Cnwch Coch vehicles have started cutting across the grass verge and the corner resulting in soil and mud covering the road. The Clerk to contact the County Council asking for a black and white road pole be placed before the situation grows worse.

Date of Next Meeting

The next meeting is to be held on Monday 3rd April 2017 at 7.30 p.m. at Neuadd Lisburne, Llanafan.
